### **BIO**

Prof. Assoc. Dr. Genta Rexha graduated in aerospace engineering from the Second University of Naples in Italy in 2007. In 2010, she received her Ph.D. in "Aerospace Sciences and Technologies" from this university.

From the end of 2010 until June 2011, she worked at the Institute of Motors in Naples, a division of the Italian National Center of Research.

Since 2011, she has been employed as a full-time/part-time lecturer at different private and public universities in Albania. Since 2019, she has been engaged as an external evaluator for the QAAHE. In 2021, she earned the academic title "Associate Professor" from the Polytechnic University of Tirana.

During her academic career, she has paid special attention and commitment to internationalization and the establishment of partnerships, becoming part of different projects at the national and international level regarding capacity building, exchanges, scientific research, etc.
